#### Title

State Remote Piloted Aircraft Act.

#### Description

SB 347, as amended, Jackson. State Remote Piloted Aircraft Act.  
 (1) Existing federal law, the FAA Modernization and Reform Act of 2012, provides for the integration of civil unmanned aircraft systems, commonly known as drones, into the National Airspace System. Existing federal law generally requires an aircraft to be registered with the Federal Aviation Administration (FAA), prohibits a person from operating a United States registered aircraft unless that aircraft displays specified nationality and registration marks, and, unless authorized by the FAA, prohibits a person from placing on any aircraft a design, mark, or symbol that modifies or confuses those nationality and registration marks. The State Aeronautics Act governs various matters relative to aviation in the state, including, among other things, fostering and promoting safety in aeronautics and establishing only those regulations that are essential and clearly within the scope of the authority granted to the Department of Transportation by the Legislature, in order that persons may engage in every phase of aeronautics with the least possible restriction consistent with the safety and the rights of others. A violation of the act is a crime punishable by a fine of not more than \$1,000 or by imprisonment of not more than 6 months, or both. This bill would enact the State Remote Piloted Aircraft Act. The bill would prohibit a person from operating a remote piloted aircraft in any number of specified manners and would require any person using, operating, or renting a remote piloted aircraft and every commercial operator of a remote piloted aircraft to maintain adequate liability insurance or proof of financial responsibility, as specified. The bill would authorize the department to adopt rules and regulations governing the conditions under which remote piloted aircraft may be operated for the purpose of protecting and ensuring the general public interest and safety and the safety of persons operating remote piloted aircraft. The bill would authorize the department to make and amend general or special rules, orders, and procedures, and establish minimum standards consistent with the act as it deems necessary, to administer the provisions of the act, as specified. The bill would provide that remedies provided by the act are cumulative with any other remedies available under law. The bill would provide that the provisions of the act are severable. The bill would make a violation of any provision of the act or any rule or order issued pursuant to the act punishable as an infraction with a fine not exceeding \$250, or as a misdemeanor punishable by imprisonment in a county jail not exceeding 6 months, or by a fine not exceeding \$1,000, or by both that fine and imprisonment. Because ... (click bill link to see more).

### Title

21st Century AIRR Act

### Description

21st Century Aviation Innovation, Reform, and Reauthorization Act or the 21st Century AIRR Act This bill reauthorizes and modifies Federal Aviation Administration (FAA) programs. It also establishes the American Air Navigation Services Corporation as a federally chartered, not-for-profit corporation to assume operational control of FAA air traffic services on October 1, 2020. The bill revises requirements for the pilot program for passenger facility charges at nonhub airports and the airport improvement program. The bill extends the authorization for airport development at Midway Island Airport. The Department of Transportation (DOT): shall carry out an environmental mitigation pilot grant program for sponsors of public-use airports; and may make grants to such sponsors for environmental mitigation projects to reduce or mitigate aviation impacts on noise, air quality, or water quality at the airport or within five miles of the airport. DOT shall establish a Safety Oversight and Certification Advisory Committee. The FAA must establish: the FAA Task Force on Flight Standards Reform, a Regulatory Consistency Communications Board, a safety workforce training strategy, and minimum dimensions for passenger seats on aircraft operated by air carriers. The FAA must also issue an order requiring the installation of a secondary cockpit barrier on aircraft manufactured for delivery to a passenger air carrier in the United States. DOT shall take appropriate actions to promote U.S. aerospace standards, products, and services abroad. DOT shall modify regulations regarding flight duty limitations and rest requirements to ensure that: (1) a flight attendant scheduled for a duty period of 14 hours or less is given a scheduled rest period of at least 10 consecutive hours, and (2) the rest period is not reduced under any circumstances. The bill prescribes certain requirements for improving passenger air service. The bill also reauthorizes the essential air service program and the small community air service development program. DOT shall: develop a comprehensive plan to accelerate the integration of civil unmanned aircraft systems (drones) into the national airspace system, establish a regional air transportation pilot program to provide operating assistance and grants to provide and maintain air service to communities not receiving sufficient air service, require each air carrier to submit for approval a one-page document that accurately describes the rights of passengers in air transportation, require large ticket agents to adopt minimum customer service standards, and establish a remote air traffic control tower pilot program for rural or small communities. Each air carrier must submit to the FAA an Employee Assault Prevention and Response Pla... (click bill link to see more).

#### Title

ROBOCOP Act

#### Description

Repeated Objectionable Bothering of Consumers on Phones Act or the ROBOCOP Act This bill directs the Federal Communications Commission (FCC) to: (1) require providers of text messaging or voice services, for no additional charge, to enable technology that verifies the accuracy of caller ID information; (2) require providers to offer subscribers optional free robocall-technology blocking technology; and (3) provide an exemption process for subscribers originating a call if there is a need to provide misleading or inaccurate information (such as a call to conduct an activity of a domestic violence shelter or medical practice). The bill allows private actions to enjoin or recover damages for violations of the FCC's caller identification technology standards. States may bring civil actions for a pattern or practice of a failure to provide such technology or options. The bill amends the Communications Act of 1934 to make it unlawful for persons within or outside the United States, with the intent to cause harm, to intentionally interfere with call-blocking technology. The FCC must report on whether the requirements of this bill have reduced unwanted calls to consumers.

#### Title

Open, Public, Electronic, and Necessary Government Data Act

#### Description

Open, Public, Electronic, and Necessary Government Data Act or the OPEN Government Data Act (Sec. 4) This bill requires open government data assets made available by federal agencies (excluding the Government Accountability Office [GAO] and certain other government entities) to be published as machine-readable data. When not otherwise prohibited by law, and to the extent practicable, public data assets and nonpublic data assets maintained by the federal government must be available: (1) in an open format that does not impede use or reuse and that has standards maintained by a standards organization; and (2) under open licenses with a legal guarantee that the data be available at no cost to the public with no restrictions on copying, publishing, distributing, transmitting, citing, or adapting. If published government data assets are not available under an open license, the data must be considered part of the worldwide public domain. Agencies may engage with outside organizations and citizens to leverage public data assets for innovation in public and private sectors. Agencies must: (1) make their enterprise data inventories available to the public on Data.gov, and (2) designate a point of contact to assist the public and respond to complaints about adherence to open data requirements. For privacy, security, confidentiality, or regulatory reasons, agencies may maintain a nonpublic portion of their inventories. The General Services Administration must maintain a single public interface online as a point of entry dedicated to sharing open government data with the public. (Sec. 5) The Chief Operating Officer of each agency shall submit to Congress and to the Office of Management and Budget (OMB) a report assessing the coverage, quality, methods, effectiveness, and independence of the evaluation, research, and analysis efforts of the agency. The GAO shall submit to Congress a report that summarizes agency findings and highlights trends from the reports submitted and, if appropriate, recommends actions to further improve agency capacity to use evaluation techniques and data to support evaluation efforts. (Sec. 6) The OMB must develop and maintain an online repository of tools, best practices, and schema standards to facilitate the adoption of open data practices.

#### Description

Amends the Freedom of Information Act. Provides that a law enforcement agency may not electronically provide or publish booking photographs unless: (1) the booking photograph is posted to social media to assist in the search for a missing person or to assist in the search for a fugitive, person of interest, or individual wanted in relation to a crime other than a petty offense, business offense, Class C misdemeanor, or Class B misdemeanor; or (2) the person is convicted of a crime other than a petty offense, business offense, Class C misdemeanor, or Class B misdemeanor. Deletes language providing that a law enforcement agency may publish on its social media website booking photographs relating to charges other than civil offenses, petty offenses, business offenses, Class C misdemeanors, and Class B misdemeanors. Amends the Consumer Fraud and Deceptive Business Practices Act. Provides that it is an unlawful practice for a for-profit publishing entity that publishes on a publicly available Internet website or in any other publication that charges a fee for removal or correction of the information to fail to remove within 30 days, without the imposition of any fee, the criminal record information of a person who provides the entity with: a pardon from the Governor or a certificate of innocence stating that the person is innocent of all offenses relating to the criminal record information; court records indicating that the person was found not guilty or that the case ended without a finding of guilt; or an order to expunge or seal the criminal record information of the person. Provides that a violating entity is subject to a civil penalty of \$1,000 per day, plus attorney's fees, which shall be deposited into the General Revenue Fund.

Legal Notices-Adjacent County

**Description**

Amends the Notice By Publication Act and the Newspaper Legal Notice Act. Provides that, if notice is required to be published in a newspaper that is published in a particular unit of local government or school district, and if there is no newspaper published in that unit of local government or school district, then the notice may be published in a secular newspaper having general circulation within the unit of local government or school district (currently, those Acts require the newspaper to be published in the county in which the unit of local government or school district is located or in an adjoining county). Provides that the newspaper shall cause the notice to be placed (instead of "place the notice") on the statewide website established and maintained as a joint venture of the majority of Illinois newspapers as a repository for such notices. Amends the Legal Advertising Rate Act. Provides that the face of type of any required public notice shall not be (instead of "be made shall be not") smaller than the body type used in the classified advertising in the newspaper in which the required public notice is published.

#### Title

Privacy: personal information: businesses.

#### Description

AB 375, Chau. Privacy: personal information: businesses. The California Constitution grants a right of privacy. Existing law provides for the confidentiality of personal information in various contexts and requires a business or person that suffers a breach of security of computerized data that includes personal information, as defined, to disclose that breach, as specified. This bill would enact the California Consumer Privacy Act of 2018. Beginning January 1, 2020, the bill would grant a consumer a right to request a business to disclose the categories and specific pieces of personal information that it collects about the consumer, the categories of sources from which that information is collected, the business purposes for collecting or selling the information, and the categories of 3rd parties with which the information is shared. The bill would require a business to make disclosures about the information and the purposes for which it is used. The bill would grant a consumer the right to request deletion of personal information and would require the business to delete upon receipt of a verified request, as specified. The bill would grant a consumer a right to request that a business that sells the consumer's personal information, or discloses it for a business purpose, disclose the categories of information that it collects and categories of information and the identity of 3rd parties to which the information was sold or disclosed. The bill would require a business to provide this information in response to a verifiable consumer request. The bill would authorize a consumer to opt out of the sale of personal information by a business and would prohibit the business from discriminating against the consumer for exercising this right, including by charging the consumer who opts out a different price or providing the consumer a different quality of goods or services, except if the difference is reasonably related to value provided by the consumer's data. The bill would authorize businesses to offer financial incentives for collection of personal information. The bill would prohibit a business from selling the personal information of a consumer under 16 years of age, unless affirmatively authorized, as specified, to be referred to as the right to opt in. The bill would prescribe requirements for receiving, processing, and satisfying these requests from consumers. The bill would prescribe various definitions for its purposes and would define "personal information" with reference to a broad list of characteristics and behaviors, personal and commercial, as well as inferences drawn from this information. The bill would prohibit the provisions described above from restricting the ability of the business to comply with federal, state, or loc... (click bill link to see more).

### Title

California Consumer Privacy Act of 2018.

### Description

AB 1680, as amended, Burke. Director of Technology: procurement: training program. California Consumer Privacy Act of 2018. Existing law, the California Consumer Privacy Act of 2018, grants, commencing on January 1, 2020, a consumer various rights with regard to personal information relating to that consumer that is held by a business, including the right to request a business to delete any personal information about the consumer collected by the business, and requires the business to comply with a verifiable consumer request to that effect, unless it is necessary for the business or service provider to maintain the customer's personal information in order to carry out specified acts. The act prohibits a business from discriminating against the consumer for exercising any of the consumer's rights under the act, except if the difference is reasonably related to value provided by the consumer's data. This bill would, instead, prohibit a business from unreasonably discriminating against a consumer for exercising of any of the consumer's rights under the act. The act authorizes a business to offer financial incentives for collection, sale, or deletion of personal information. The act authorizes a business to offer a different rate, price, level, or quality of goods or services to the consumer if that price or difference is directly related to the value provided to the consumer by the consumer's data. The act, however, prohibits a business from entering a consumer into a financial incentive program unless the consumer gives the business opt-in consent for the program pursuant to a specified process. The act prohibits a business from using financial incentives practices that are unjust, unreasonable, coercive, or usurious in nature. This bill would, instead, authorize a business to offer incentives, including payments to consumers for compensation, for the sale or retention of personal information, and make conforming changes to that effect. The bill would, instead, authorizes a business to offer a different rate, price, level, or quality of goods or services to the consumer if that price or difference is reasonably related to the value provided to the business by the consumer's data, including offering a specific good or service whose functionality is reasonably related to collection, use, or sale of the consumer's data. The bill would, instead, prohibit a business from entering a consumer into an incentive program unless the consumer gives the business prior opt-in consent after notice provided to the consumer. The bill would, instead, prohibit a business from using incentive practices that are coercive or usurious in nature. #### Title

Privacy: personal information: breach: disclosure.

#### Description

AB 2182, as amended, Levine. Privacy: personal information: breach: disclosure. Existing law requires a person or business conducting business in California that owns or licenses computerized data that includes personal information, as defined, to disclose a breach in the security of the data to a resident of California whose encrypted or unencrypted personal information was, or is reasonably believed to have been, acquired by an unauthorized person, as specified. Existing law requires that disclosure to be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system. This bill would instead specify that disclosures be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement or on a rolling basis while taking any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system. would, in the event that a person or business delays full disclosure of the security breach due to the determination of the scope of the breach or the restoration of the reasonable integrity of the data system, require the person or business to disclose as much information as it can, to as many affected residents as it can, and as soon as it can, on a rolling basis.

#### Title

California Consumer Privacy Act of 2018.

#### Description

SB 1121, Dodd. California Consumer Privacy Act of 2018.

(1) Existing law, the California Consumer Privacy Act of 2018, grants, commencing on January 1, 2020, a consumer various rights with regard to personal information relating to that consumer that is held by a business, including the right to request a business to delete any personal information about the consumer collected by the business, and requires the business to comply with a verifiable consumer request to that effect, unless it is necessary for the business or service provider to maintain the customer's personal information in order to carry out specified acts. The act requires a business that collects personal information about a consumer to disclose the consumer's right to delete personal information described above on its Internet Web site or in its online privacy policy or policies. This bill would modify that requirement by requiring a business that collects personal information about a consumer to disclose the consumer's right to delete personal information in a form that is reasonably accessible to consumers and in accordance with a specified process. (2) The act establishes several exceptions to the requirements imposed, and rights granted, by the act, including prohibiting the act from being interpreted to restrict the ability of a business to comply with federal, state, or local laws, and by providing that the act does not apply if it is in conflict with the California Constitution. This bill would provide that the rights afforded to consumers and the obligations imposed on any business under the act does not apply if those rights or obligations would infringe on the noncommercial activities of people and entities described in a specified provision of the California Constitution addressing activities related to newspapers and periodicals. The bill would also prohibit application of the act to personal information collected, processed, sold, or disclosed pursuant to a specified federal law relating to banks, brokerages, insurance companies, and credit reporting agencies, among others, and would also except application of the act to that information pursuant to the California Financial Information Privacy Act. The bill would provide that these exceptions, and the exception provided to information collected, processed, sold, or disclosed pursuant to the Driver's Privacy Protection Act of 1994, do not apply to specific provisions of the act related to unauthorized theft and disclosure of information. The bill would revise and expand the exception provided for medical information, would except a provider of health care or a covered entity, and would also except information collected as part of clinical trials, as specified. The bill would also clarify that the act does n... (click bill link to see more).

Protections For Consumer Data Privacy

#### Description

Except for conduct in compliance with applicable federal, state, or local law, the bill requires covered and governmental entities in Colorado that maintain paper or electronic documents (documents) that contain personal identifying information (personal information) to develop and maintain a written policy for the destruction and proper disposal of those documents. Entities that maintain, own, or license personal information, including those that use a nonaffiliated third party as a service provider, shall implement and maintain reasonable security procedures for the personal information. The notification laws governing disclosure of unauthorized acquisitions of unencrypted and encrypted computerized data are expanded to specify who must be notified following such unauthorized acquisition and what must be included in such notification. (Note: This summary applies to the reengrossed version of this bill as introduced in the second house.)

#### Title

Georgia Personal Data Security Act; enact

#### Description

A BILL to be entitled an Act to amend Article 34 of Chapter 1 of Title 10 of the O.C.G.A., relating to identity theft, so as to enact the "Georgia Personal Data Security Act"; to improve systems and procedures for providing and regulating notifications of data breaches affecting Georgia residents; to revise legislative findings and declarations; to modify definitions; to modify when notices of certain security breaches are required and to provide for the contents of such notices; to require certain entities to maintain certain data security procedures; to require that certain notices of a data breach be sent to certain officials of this state; to provide for enforcement by the Attorney General; to provide for civil penalties; to provide for designations; to provide for related matters; to repeal conflicting laws; and for other purposes.

#### Title

Right To Know Act

#### Description

Creates the Right to Know Act. Provides that an operator of a commercial website or online service that collects personally identifiable information through the internet about individual customers residing in Illinois who use or visit its commercial website or online service shall notify those customers of certain specified information pertaining to its personal information sharing practices. Requires an operator to make available certain specified information upon disclosing a customer's personal information to a third party, and to provide an e-mail address or toll-free telephone number whereby customers may request or obtain that information. Provides for a right of action to customers whose rights are violated under the Act. Provides that any waiver of the provisions of the Act or any agreement that does not comply with the applicable provisions of the Act shall be void and unenforceable. Provides that no provision of the Act shall be construed to conflict with or apply to certain specified provisions of federal law or certain interactions with State or local government. Provides findings and purpose. Defines terms. Replaces everything after the enacting clause. Reinserts the provisions of the bill as introduced with changes. Provides that the parent or legal guardian of a customer under the age of 18 may submit a request for specified information on behalf of that customer. Provides that an operator shall not be required to respond to a request made by the same customer more than once within a given 12-month period. Modifies the term "operator" to mean any person or entity that owns a website located on the Internet or an online service that collects and maintains personal information (rather than personally identifiable information) from a customer residing in Illinois. Modifies a Section concerning a right of action for a violation of the Act to specify that a violation of the Act constitutes a violation of the Consumer Fraud and Deceptive Business Practices Act. Provides that any person whose rights under the Act are violated shall also have, in addition to any rights under the Consumer Fraud and Deceptive Business Practices Act, a right of action against an offending party to seek injunctive relief, if appropriate. Removes language concerning liquidated damages and recovery of reasonable attorneys' fees, costs, and expenses. Makes conforming changes. Provides that nothing in the Section concerning violation and right of action under the Act shall prevent a person from seeking a right of action for a violation of the Biometric Information Privacy Act or otherwise seeking relief under the Code of Civil Procedure. Provides that nothing in the Act shall be construed to apply to any State agency, federal agency, unit of local government, or any... (click bill link to see more).
